FILM FEST PROGRAM

Saturday, September 13

12:30 pm **Folk!**

2011. 73 minutes. English.
Finding our roots... in red dancing boots! Features the unique, underground and acrobatic world of Ukrainian folk dancing. An often funny peek at what it's like to grow up in a Ukrainian-American community, the documentary is relevant to anyone trying to balance ties to one's heritage and culture in a culturally homogenizing world.

Director: Roxy Toporowych. KinoRox Productions.

2:45 pm **The Winter that Changed Us / Зима що нас змінила.**
2014. 45 minutes. Ukrainian.

Featured at the Cannes Film Festival, this film documents the social resistance and revolution in Ukraine in 2014 with searing images and eyewitness interviews recorded by the artistic collective Babylon'13. Experience the patriotic spirit found on the Maidan by Ukrainians who believe in their future and the life they can build for themselves in their country.

Directors: Julia Gontaruk and Roman Ljubyj.
A joint project of 1+1 Production and Babylon'13.

This screening will begin with an introduction by Babylon'13 cinematographer brothers Andrew and Phillip Rojen, followed by a 15-minute series of short films to set the scene, followed by the screening of "The Winter that Changed Us" and a Question & Answer session with the Rojens.
